*"I will be open and honest with the taxpayers and ensure that needed services are provided within a transparent budget." - Colin LePage*

**Mayor James Fiorentini stated in an article in the Eagle Tribune on Wednesday, September 15, 2021:** *"I've made every effort to make the city affordable while some people believe we undertax and should tax to the max," Fiorentini said. "I say no to that..."*

Mayor Fiorentini's statement contradicts the actual budget proposals he has submitted from 2010 to 2021. In fact, Fiorentini taxed-to-the-max EVERY YEAR except for three—and Colin LePage exposed the mayor's hidden funds in every one of those years:

- In FY2017, the Mayor budgeted \$300,000 under the tax limit; Councillor LePage discovers \$300,000 Hunking Building Permit Fee has been assessed to the city taxpayers.
- In FY2016, the Mayor budgeted \$600,000 under the tax limit; Councillor LePage uncovers \$600,000 in obscure city spending account.
- In FY2015, the Mayor budgeted \$200,000 under the tax limit; Councillor LePage finds \$200,000 in hidden unaccounted for money in the city budget.

*Providing accurate information and doing what is truly in the best interest of taxpayers and businesses is at the heart of my vision for a new and better Haverhill.*

**I respectfully ask  
for your support
